**Business and Information Technology Division**

The Business and Information Technology Division is dedicated to preparing students for success beyond Rose State College. The Division consists of innovative, nurturing faculty who strive to deliver quality courses that prepare students with the skills and knowledge necessary for academic transfer to other institutions and/or to enter the job market. The adjunct professors are an integral part of the division and bring work-related experiences, technological skills, applications, and innovative approaches to education into the classroom.

**Openings for Adjunct Professor(s) may be available in the following areas of study:**
Business  
Accounting  
Business Administration  
Computer Game Development & Simulation  
Computer Information Technology  
Multimedia Communication  
Networking/CyberSecurity  
Paralegal Studies  
Technical Supervision and Management  
Web Development Technology

**Minimum Qualifications:**
Generally a master’s degree in the teaching discipline or a master’s degree with a minimum of 18 graduate hours in the discipline and two years college teaching experience.

**Contact Information:**
To apply to become an Adjunct Professor at Rose State College, your community college of choice, please submit an application for employment through the Human Resources office. Additional information about adjunct opportunities in the Humanities Division may be obtained by contacting:
