STEM Camps
Our Science, Technology, Engineering, and Math (STEM) Camp series will run four consecutive weeks and teach students valuable skills that they can use in and out of the classroom to develop projects, think outside the box, and be successful.

June 12: ACT Refresher
Ages 13-18 $29
ACT Refresher: The national ACT test will be given on June 13th. Come to this all day refresher course to improve your time, take practice tests, improve your overall score, and go over the formulas you need to know in order to get your best score.

June 5: Osteology Museum
Ages 8-14 $29
Students will spend a day touring the 7,000 square foot Osteology Museum and it’s over 300 skeletons on display! This museum is the only one of its kind in the world. Be sure to bring your lunch.

Come spend a Friday with us
as we continue to engage the young minds of students in a variety of programs that aren’t offered in our traditional Monday – Thursday camp offerings. All camps start and end at the Community Learning Center

June 5: Osteology Museum
Ages 8-14 $29
Students will spend a day touring the 7,000 square foot Osteology Museum and it’s over 300 skeletons on display! This museum is the only one of its kind in the world. Be sure to bring your lunch.

June 12: STEM Camp #1
Ages 10-13 $39
Science: In this all day camp, students will learn about chemistry, the periodic chemical model, atoms, warming up and cooling down, and Chromatography.

June 19: STEM Camp #2
Ages 10-13 $39
Technology: Students will learn about Nanotechnology, Nanobugs, navigation, mapping, renewable and non-renewable resources, and 3-D Printing.

June 26: STEM Camp #3
Ages 10-13 $39
Engineering: Students will assemble their own solid state rockets, build a straw rocket and launch it, all while learning the physics behind rockets.

July 10: STEM Camp #4
Ages 10-13 $39
Math: Students will learn circuit board geometry, scientific notation, measurements, and all about the F-16 Fighter Jets!

June 17: ZOO-U
Ages 8-14 $25
Students will spend an interactive and engaging day at the zoo learning about all of the animals, what it takes for Zoo Keepers to care for these animals, and what role they can play in helping preserve wildlife.

July 24: Boathouse District Obstacle Course
Ages 8-14 $39
Students will spend the day building their leadership skills with the 700-foot SandRidge Sky Zip across the Oklahoma River, the SandRidge Sky Trail adventure course and Sky Slide, the Rumble Drop 80-foot free fall, and the Youth Zone – plus kayaking, stand up paddle boarding, dragon boating, climbing walls, cycling and more.

Welcome to the 2015 Summer Youth & Teen Program at Rose State College.

Whether you are new to our program, or a camper that has been with us for years, we feel that you will find a wide array of programs to meet your child's needs. As we enter our 13th year of programming we are excited to announce two new features to our youth & teen programs.

Online Enrollment
First, you've asked for it, and it is finally here: Online enrollment. Rose State College has partnered with Augusoft, Inc. to provide a user friendly, web-based student enrollment software that allows more flexibility including:

- 24/7 access to real time camp openings and changes
- Ability to enroll online and pay with credit card
- No student ID to remember, just email and password to your personal account
- Smart analytics to recommend other camps your child might be interested in
- Ability to receive emails when camps have made
- Grandparents can now purchase gift cards for grandchildren's camps
- Plus many more exciting features

Visit us now at rosestate.augusoft.net

Second, we have split our traditional Kids College program into two categories to better define the students we serve.

The program that serves ages 5-11 remains the same and is referred to here as Kids College. Our new program seeks to provide a separation of the pre-teen and teen programs and is now titled Teen Scene. We recognize the need for this age group to make responsible and healthy decisions every day, and our goal is to assist them in their development through camps that focus in six areas:

1. Leadership & Character
2. Career Exploration & College Prep
3. STEM & Academics
4. Fine Arts & Languages
5. Fitness & Recreational Activities
6. College Prep & Decision Making
Junior First Responder

Have you ever wondered what it takes to respond to an emergency? Come to emergency personnel camp, meet first responders, learn what it takes to do their job, and ask all of the questions you have. The heroes who will be featured in this camp represent the Oklahoma Highway Patrol, EMSA, Midwest City Police Department, and Midwest City Fire Department.

Can I Own My Own Dog?

At some point you are going to want your very first dog, but that doesn’t mean you are ready to provide the care, attention and time it will take. In this camp, learn the 10 things you should know before getting a dog and decide for yourself if you are ready and show your parents the facts.

STARS Camp

Students will learn about metrics, Newton’s Laws, build and launch straw rockets, study atmospheric pressure and chemistry, and nano-engineering. The camp will also include lessons on chromatography, renewable and non-renewable resources, assemble solid state rockets, and launch your rockets in a special event on the final day where parents and guardians are invited to see the show!

Myth Busters

Is it science fact or science fiction? What’s your prediction? Junior scientists will test the stories myths are made of. Together with the teacher and other students, together you will uncover the science behind mind boggling myths.

Grossology

Slimy, snotty, sneezy and smelly... Grossology is the scientific study of all that’s not allowed at the dinner table. Join us for this insanely hilarious journey down some of nature’s most interesting and disgusting paths. This week is guaranteed to make you say “YUCK”.

Anti-Bullying

With one in seven students claiming they have been a victim of bullying, Rose State College has decided to help educate those that bully and those that are bullied. Bullying someone is a choice, and those choices have serious consequences that can scar a victim for life. In this camp we will focus on recognizing bullying and challenging students to stop, think and remember that their choices matter.

What is Zugio and Why Should You be Excited

OUR MISSION - To educate, encourage and entertain parents, caregivers, and children to lead a healthy, happy lifestyle by providing a creative medium encouraging healthy habits.

EDUCATE - Providing informational tools to parents, caregivers and children so they can gain knowledge on gross motor skill development, healthy eating habits, character building and individuality so that a healthy lifestyle can be sustained.

ENCOURAGE - Positively supporting, influencing and inspiring parents and caregivers to aid in the development of creating healthy and happy children.

ENTERTAIN - Providing cheerful family-friendly edutainment.

**Responsible Social Media**

As parents we have to trust that our children are making acceptable social media decisions. In the age of technology and the ever-changing landscape of Facebook, Instagram, Snapchat and whatever ever the next big hit is, it is important they know what responsible posting entails. Students will learn how to protect themselves online, post responsibly, and how they represent themselves online affects their reputation in the real world.

**Emotional Intelligence**

In a time when our children have so many responsibilities and pressures each day, it is important that they learn how to monitor their own emotions as well as other people’s emotions. This is especially important so they can learn to discriminate between different emotions and label them appropriately, and to use emotional information to guide thinking and behavior. In this class, the students will learn to make rational and logical decisions during difficult situations and how to recognize inappropriate or negative onset of emotional baggage.

**Counselor in Training (C.I.T.)**

Are you ready to be a leader and help guide the way? Our Counselor in Training course will give you all of the tools and training to join our Kids College team and learn all of the behind the scenes fun that goes into creating a camp. Counselors in Training will have the opportunity to help in camps, come up with new camp ideas, go on field trips, become CPR certified, and be a role model of all of our kids College campers.

**FABLab: Think It Make It**

Rose State College has a brand new FABLab and we want you to experience all of the technology and creativity the FABLab has to offer! What is a FABLab? It is a “high-tech, self-discovery” facility for inventors, entrepreneurs, tinkers and anyone looking to design, prototype and create. If you can envision an idea, you have access to a variety of technologies which allow you to produce a prototype through the use of computer-aided design and desktop manufacturing technologies. It truly is possible to “make almost anything” and turn ideas into reality in our FABLab.

**FABLab: Vinyl**

Students will design and create their own t-shirt in the FABLab. Students will design their image, cut-out the design on the vinyl, and use a heat press to attach their design to the t-shirt. The students will keep and be able to wear their fabulous creations!

**Paper Circuitry**

Paper circuitry is a technique for teaching students about building circuits using LEDs, button batteries, and copper foil tape. Students will learn how to construct their own paper circuitry board and perform experiments with it.

Camp Days and Times
Monday - Thursday
Kids College
@ Traub Elementary
Teen Scene
@ Community Learning Center

Early Drop Off 7:30am – 9:00am
AM Camps 9:00am – 12:00pm
PM Camps 1:00pm – 4:00pm
All Day Camps 9:00am – 4:00pm
Late Pick Up 4:00pm – 5:30pm

Early Drop Off and Late Pick Up
If you are like a majority of parents, you do not get the summers off like your kids, so feel free to take advantage of our early morning and after camp fun time. During this time, camp counselors will organize activities including board games, trivia contests, and play time. In an effort to determine staff needs, you must pre-register for these activities like other camps. Kids College campers ages 5-11 meet in the cafeteria at Traub Elementary and Teen Scene campers ages 12-18 meet in the Community Learning Center.

Kid Check Security
The Kids College campers, parents are required to have one key tag, per person picking the child up. The price of the key tag is included in the camp price. If you previously purchased a key tag, you may continue to use the same key tag this year. The key tags are required to drop off and pick up your child. Please visit www.kidcheck.com to give permission for parent/guardian(s) to pick up child. If your child is in our NEW Teen Scene program, the Kid Check security key tag is not needed. All children will be taken directly to the Community Learning Center.

Lunches and Breaks
Campers are responsible for their own food. Campers must bring their own sack lunch with their name on the outside of the sack/container. Each instructor will utilize break times as needed throughout the day, and we encourage parents to pack snacks for their children during these breaks.

Ages
Kids College is ages 5-11 while Teen Scene is ages 12-18. We try to offer each class to an appropriate age group(s) based on curriculum. Not every camp is offered to all age groups.

Release Forms
When you enroll your child into a camp, you will be prompted to complete a release form either in person, if you are enrolling at the Community Learning Center, or online if you are enrolling through our new online registration system. A completed release form is required prior to any camp participation.

Canceled Camps
While we try to make every effort to keep from canceling a camp, sometimes low enrollment requires that we do so. Many times we are able to transfer children to another camp so please talk to a Camp Staff member in the event your child’s camp is canceled.

Supply Lists
Each camp is unique in its own way and may require supplies and materials. Therefore, if additional supplies are required by the teacher, a supply list letter may be sent out.

Weather and Closings
In the event the outdoor temperature reaches 100 degree, plans will be made to bring all outdoor camps inside. Depending on indoor availability we may or may not be able to continue the exact camp your child is enrolled in.

In the event that Rose State College closes for any reason, classes will be canceled and not made up. No refunds will be given. For information regarding campus closing, please refer to local news stations or to the rose.edu website. You may also subscribe to the Rose State College Emergency & Weather Closing Notifications on your cell phone. Text the word “Rose” to 288411 and reply to the text you receive. This service will only be used for emergency messages. You can opt out at any time by texting the word “stop” to 288411. *Standard message rates from your carrier will apply.

Rose State College is accredited by The Higher Learning Commission: A Commission of the North Central Association of Colleges and Schools, 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604-1411, Telephone: 1-800-621-7440. Rose State College, in compliance with Titles VI and VII of the Civil Rights Act of 1964, as amended; Executive Order 11246, as amended; Title IX of the Education Amendments of 1972; Americans with Disabilities Act of 1990, as amended by the ADA Amendments Act of 2008 (ADAAA); Genetic Information Nondiscrimination Act of 2008 (GINA); and other federal laws and regulations, does not discriminate on the basis of race, color, sex, age, national origin, religion, disability, genetic information, sexual orientation, or status as a veteran in any of its policies, practices, or procedures. This includes but is not limited to: admissions, employment, financial aid, and educational programs, activities or services. The Affirmative Action Officer is the Executive Director, Human Resources/AAO. This publication is issued by Rose State College, as authorized by the Board of Regents. 15,000 copies have been printed by Digital Graphics at a cost of $5,583.00.
Dropping a Camp
To withdraw from a course and receive a full refund, you must complete a withdrawal form, in person, at the Community Learning Center before the start of the camp. No refunds will be issued after the camp begins.

Classroom Locations
All children enrolled in Kids College camps, ages 5-11 need to be dropped off and picked up in the cafeteria at Traub Elementary. Students will sit down at the table where they see the name of their camp.

All youth enrolled in Teen Scene camps, ages 12-18 need to be dropped off and picked up in the Community Learning Center.

If your child is enrolled in the Cyber Patriot camp, students will need to be dropped off at the Mid-Del Technology Center. No Rose State College transportation will be provided.

T-Shirts
Each student will receive one FREE camp t-shirt regardless of how many camps the child is enrolled in.
