Other Business  

New Business  
- Faculty Development Committee representatives are: Suzanne Thomas, Steve Carano, Ken Dewey, and John Wood. This committee will aide in faculty development areas and possibly doing a survey to determine what faculty want by the way of workshops.  
- Add monitors in classroom buildings to display events/information. Monitors could be used to display campus information. This was approved by the student senate, we want to support the student senate resolution 017 and get these added to each building.  

Faculty would like monitors added to each building for campus information.
Some faculty asked if the campus could adopt a single format for the entire campus. This was disapproved and the style should be appropriate to what is required for the discipline.

Faculty voiced concern about the items being discussed at the academic affairs meeting. The faculty don’t want students to get their money back even if they successfully appealed their grade.

**Faculty would like the issue of refunds and grade appeals discussed with the president.**

- The Oklahoma Association of Community Colleges needs a new delegate ASAP. Stacie Mayes from the business division has volunteered for this position.
- Gas stipend for Rose adjunct teaching at UCO. Adjunct teaching at UCO voiced concern that they don’t receive a stipend to cover gas to Edmond. Many adjunct drive many miles round trip and would like to be reimbursed. Faculty also stated they get no support from UCO, no computers, no copy work, no office, etc.

**Faculty would like the gas stipend to be given equally for all teaching at UCO. They would also like to be given some support from UCO.**
