RE: Appraisal and description of:
   1. 1957 Chevrolet Bel Air
   2. VIN: VC5'7K190585
   3. Color: Highland Green w SurfGreen top
   4. Appraised value: $22,000.00

I have physically seen and inspected the about described 1957 Chevrolet Bel Air 4 door sedan. This car is a true survivor all original example that has been kept in remarkably excellent condition. It has obviously been well cared for.

The body is straight with no signs of damage with the exception of minor dings. The original two tone paint is faded, but could easily be polished to a very nice gloss. All the original Chevrolet and Bel Air emblems are in very good condition. The bumpers are in excellent condition. All the glass is in excellent condition. It is fitted with the original hub caps and white wall tires.

The interior is in very good condition. The original seat covers appear to be new, as the original owner protected them with see through plastic when new. The carpets are in good condition, as is the headliner and door panels. It has its original AM radio with front and rear speakers.

Mechanically, it is powered by its original 265 V8 motor, and 3 speed Transmission.

All things considered this rare all original 1957 Chevrolet Bel Air is a time capsule example. The 1957 Chevrolet Bel Air models were from their introduction to present day, remain one of the most popular American classics of all time.

My appraisal is based on current retail prices, both by private owners, classic car business, and classic car auction results. I hope this information is of use to you. If I can be of further service, please contact me anytime.
